

CHALLENGES & OPPORTUNITIES

EXPLAINED BY THE **SUSTAINABLE DEVELOPMENT GOALS**

The sustainable development goals set an ambition for our global responsibilities such as ending poverty, improving health & education and taking climate action.

**TOGETHER WITH THE SUSTAINABLE DEVELOPMENT GOALS,
WE CAN PRO-ACTIVELY TACKLE OUR GLOBAL CHALLENGES**

13
CLIMATE
ACTION

Climate change and the environment in Southeast Asia are important contributing factors to disease and mortality, accounting for up to **25%** of all deaths in the region.

Opportunity to take climate action and improve health and livelihoods

7
AFFORDABLE AND
CLEAN ENERGY

With a rapid population growth, Southeast Asia faces a **50%** rise in regional energy demand within a decade. The region has insufficient fossil fuel resources to meet this demand.

Opportunity to supply affordable, sustainable and secure energy in the region

15
LIFE
ON LAND

Southeast Asia has some of the highest deforestation rates in the world: in some areas, including parts of Indonesia, up to **98%** of forests could be lost by 2022.

Opportunity to scale up efforts sustaining forests in the region
