

# Membership

Joining our network

We unlock new opportunities by connecting people and ideas with innovative finance and technical expertise can drink safely.

Our membership consists of a network of organizations interested in sharing knowledge and lessons learned on how to access finance and scale low-carbon development projects and activities.

As both knowledge and fund manager, we are uniquely positioned to help our members access the resources they need to scale-up their projects.

We facilitate meaningful connections by bringing together a diverse network of local and regional organizations.

## Benefits

- › Access a range of funding opportunities that we source for you
- › Collaborate on grant proposals that we apply for
- › Reach our network of donors and partners that we connect you to
- › Leverage Gold Standard opportunities via our certification and membership
- › Attend international conferences, such as the COP events as our invitees
- › Participate in peer-to-peer knowledge sharing activities such as webinars or workshops that we organize

## We welcome all organizations that are...

... working to deliver low-carbon solutions to meet energy, water, agriculture or sanitation needs in Asia

... either a legally registered non-profit, non-governmental organization or a legally registered for-profit corporation with a strong commitment to social improvements and environmental protection

... willing to share knowledge and lessons learned on how to access finance and scale low-carbon development projects and activities

## Application process (4 to 8 weeks)

1. Reach out to our Membership Manager by email to express your interest
2. You will then receive a short form to fill in with information about your organization and its projects
3. After a preliminary screening, suitable applicants will be asked to submit additional financial, HR, and organization documentation
4. Nexus assesses your application, checks references, and makes a formal recommendation to the Board which makes a decision. Current members have the chance to voice objection
5. Once the applicant signs the Terms and Conditions and pays the membership fee (\$250-\$1000 based on the size of your company), the applicant is formally inducted into the membership
